In-House training Option:

Clients can take the volume and cost-saving advantage by way of our in-house training option. Companies that are looking to train multiple members of staff and avoid the costs of travel and accommodation can enjoy the in-house training option. We offer tailored training courses that focuses on specific issues within your organisation with expert guidance from our seasoned industry consultants. We have an extensive catalogue of in-house training options that goes beyond even our public schedule, so even if you do not find relevant courses that you desire then please do not hesitate to call our client support services to discuss your specific training requirements. We also have the option of scheduling courses at sites neutral to both our Centre and client's office
